CALLED TO AUGUSTA

The Augusta Chronicle says: Dr. Taulbee, of Maysville, was called here Tuesday, in consultation with Dr. Norris, to see Charles Bertram Smith, son of Dr. J. E. Smith and wife. While riding a bicycle one day last week, "Smittie" ran into a wagon, injuring his head; nothing was thought of the accident at the time, but the boy became ill later and it was feared that a case of typhoid fever would develop. Dr. Taulbee reports that the patient will get along nicely, which will be good news to the many friends of the family.

200,000 DRAFTED MEN WILL BE CALLED SEPTEMBER 1

Washington, August 9.—More than 200,000 men of the selective draft forces will be called to the colors September 1, to go immediately to their divisional training cantonments. This will bring the strength of the United States army on that date up to practically 1,000,000 men.

\$498 RAISED

In Mason County For the "Thirty Thousand Campaign"—Money to Be Used in Teaching Illiterates of Draft Age in Kentucky.

The following letter and report are self explanatory:
The Public Ledger, City.
Gentlemen:

I enclose a summary of contributions from Mason county for the \$30,000 fund to be used in teaching the illiterate men of Kentucky of draft age to read and write.

Most of the precincts responded nobly, and I am confident that if the others had thoroughly understood the purpose for which the fund is to be used, there would at least have been some contributions from those making no report.

On behalf of the Managers of the Campaign, I want to thank every contributor in Mason county, and particularly Lieutenants who so unselfishly gave their time to this work.

Yours very truly,

S. P. BROWNING,

Captain For Mason County.

Below is given the precinct, Lieutenant in charge and amount collected:

SPECIAL HONOR

For Boy From This County—Former Educator Offers To Help Worthy Boy Get Military Training.

On another page in our issue today there appears a very fine offer to a bright young boy between 14 and 18 years of age who would like to have a military training that would fit him for something more than a private in case he should have to serve his country as a soldier.

It is made by the Thomas E. Basham Company of Louisville, whose President, Mr. Thomas E. Basham, was a teacher and trainer of boys for years, and believes that in making this splendid offer to a bright young boy from this county he is helping to do his "bit" in the preparing of young men for positions of honor and good pay in the military service.

His article is headed, "What do you want your boy to be, an officer or good pay or a drafted private?"

MRS. W. J. KEHOE DIED IN WASHINGTON

Hon. James N. Kehoe Wednesday received a telegram from his brother, Mr. William J. Kehoe, of Washington City, notifying him of the death of the latter's wife, who has been taking treatment in a New York Hospital for over a month. Mrs. Kehoe was before her marriage Miss Alice Slater, whom Mr. Kehoe met while on the Taft expedition to Europe, both being members of the party. They had been married about ten years, she being Mr. Kehoe's second wife. The funeral was held in Washington this morning.

COWARDICE

Is cowardice a disease or merely a shameful moral weakness? Army authorities are about to undertake a scientific study of this interesting question, and a government commission has been appointed on which appear the names of eminent medical psychiatrists. Romance writers have long found the subject rich in dramatic possibilities, introducing their readers to men, otherwise of high character, who at the outset were the slaves of a benumbing cowardice but who, in the developing course of events, manage to master their weakness sufficiently to become brave and terrible in war, although continually haunted with the fear of at least a temporary relapse. "The Red Badge of Courage" by Stephen Crane and "The Red Planet" by W. J. Locke are prominent examples of novels dealing with this theme.

Both fact and fiction indicate that brave men and seasoned soldiers are often nervous before battle and may even become the victims of panic in an unfavorable hour. A famous general with "nerves" is said to have contemptuously remarked to his quivering legs as he mounted his horse to lead the charge, "You can tremble now, but if you knew where I am going to take you you would shake yourself to pieces." A vivid picture of unreasoning and overcoming fear is given in the Old Testament where, in the prophet's promise of victory to the Israelites, it is predicted that "a shaking leaf shall chase them." Scientific study and ventilation of this subject might be widely useful even if it merely convinced the man recognizing cowardice in himself that his case is not uncommon and that he, like many another, may battle successfully with his weakness. The soldiers who are "afraid" yet stands his ground is brave in a higher sense than he who has never known fear.

Nobody knows what this war will cost, but to put the Kaiser and the other war lords where they will do no more harm will be worth all it can cost.

FOUR WOMEN TESTIFY

Positive Proof that Lydia E. Pinkham's Vegetable Compound Restored Their Health.

Yonkers, N. Y.—"I suffered from a bad case of female trouble, backache, nervousness and indigestion. Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed."—Mrs. H. J. L. FEATHER, 61 Hamilton Ave., Yonkers, N. Y.
Danville, Ill.—"I would not be alive today had it not been for Lydia E. Pinkham's Vegetable Compound as it cured me from a severe case of female trouble."—Mrs. O. A. COE, Batetown Road, Danville, Ill.
Ridgway, Pa.—"I wish all women who suffer from female troubles would take Lydia E. Pinkham's Vegetable Compound as I avoided a surgical operation by its use."—Mrs. O. M. RHINES, Ridgway, Pa.
North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE ISELLA, Box 197, North Haven, Conn.
The many convincing testimonials constantly published in the newspaper ought to be proof enough to women who suffer from those distressing and peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the best medicine they need.

BEACON FIRES

In these days, when it is possible to chat over the telephone with a person hundreds of miles away, we have no use of beacon fires, but in the old days they served a very useful purpose. When the Spanish Armada was sighted they carried the tidings in a succession of flares from Cornwall to the Cheviots, and thence to London. In the early part of the Nineteenth century they were scattered all over the British Isles as a precaution against the threatened French vessels. The last occasion on which beacon fires were lighted were the Diamond Jubilee of Queen Victoria and the coronation of Edward VII. On many of the medieval castles the fire baskets in which the fires were lighted may still be seen.

Inventors are impelled to do their work by an inborn and irresistible impulse, according to a Harvard university scientist.

PRIZE LIST OF \$1,000 FOR STATE FAIR COUNTY EXHIBITS

Through the efforts of Commissioner of Agriculture Mat S. Cohen the agricultural products of Kentucky will occupy a very conspicuous and distinctive position at the fifteenth annual Kentucky State Fair, to be held in Louisville the week of Sept. 10. This year the prize list for county exhibits has been placed at the remarkable figure of \$1,000, and in consequence the attention of the entire agricultural interests of the state will be centered on this particular feature of the big annual celebration. The prize list was announced the first part of the year as reaching the sum of \$700. This sum was increased recently through the efforts of Mr. Wood Crady of the Louisville Chemical works and of the agricultural committee of the board of trade. He induced the board of trade members to vote an additional sum of \$200 and his firm to add another \$100 to this amount, thus securing for the county exhibitors of the state the unprecedented sum total of \$1,000. As the list now stands the county winning first prize will receive \$400 in cash, the county winning second prize will receive \$250, and the winner of third prize will receive \$150. This list of the three prizes from \$250, \$150 and \$100 to the above figures and gives to the Kentucky State Fair the largest prize list for county exhibits ever offered by any state fair in the United States with the exception of Dallas, Tex., which is the largest and richest fair in the country and has been in existence twice as long as the Kentucky State Fair. In addition to the cash awards for the best county exhibits, Colonel E. H. Taylor, Jr., of Frankfort, Ky., will give to the county winning first prize a handsome sterling silver cup, which will be known as the "Old Taylor cup" and which will be worth \$100.

To the man or woman working up interest in the county exhibit winning a prize will be given a "booster's award" of \$50 for the representative of the county winning first prize, \$25 for the representative of the county winning second prize and \$15 for the representative of the third prize winner.

What Do You Want Your Boy To Be—An Officer on Good Pay, or a Drafted Private?

That your son will have to spend two or more years in the military service of his country, if he is between 14 and 18 years of age now, is a moral certainty. Some form of compulsory military service is sure to be required of every able-bodied youth, and when that time comes, what will your boy be? An officer on good pay, in command of a company or regiment; perhaps, a brigade or division? Or, will he have to serve as a private in the ranks because of his lack of military education?

In order to command, he must be trained to command. He must have had military education to qualify himself for an officer, just as he must have business training in order to succeed to the management of your business when you want to turn the reins of responsibility over to him.

Such military education can be had only at a military school. That military trained boys have an advantage is shown by the fact that at the numerous Officers Reserve Training Camps, more than half have had previous military school training. These are the boys who are forging ahead of their untrained comrades.

Believing in the military trained youth, and to help do our "bit," we, the Thomas E. Basham Co., Incorporated, of Louisville, Ky., have determined to assist twelve young Kentuckians to get a military school education. The boys to be thus honored must have passed the seventh grade in school, be of good physique, high moral character and come recommended by at least two men of standing in his community.

This assistance will be in the form of 12 scholarships in The Columbia Military Academy, Columbia, Tenn., the South's leading military school. In this great war crisis, Columbia boys have shown a fine spirit of patriotism and won highest praises for their superior training.

No less than 26 of her boys were in training in the Chattanooga camps alone, to say nothing of the school's large representations at other camps.

No military school stands higher than Columbia or offers more advantages to the ambitious student. It is one of the few accredited schools whose graduates are admitted to West Point without further examination, as well as to the non-military colleges and universities of the country.

Its President is Dr. Ira Landrith, whose fame as an educator, lecturer and publicist is national. Col. O. C. Hulvey, the superintendent, stands in the forefront among military educators.

These two are assisted by a faculty of specially selected instructors of ability and character.

Columbia is a school where you can feel safe in sending your boy for the development of his mind, morals, and body. The plant and equipment are unsurpassed, representing a value of upwards of half a million dollars. Originally, Columbia was built by the United States Government for its own use, but later was donated for a school where boys could receive military instruction under army supervision.

An officer of the United States Army has from the very beginning been stationed there, thus insuring military training in accord with government requirements and regulations. Because of the special terms of the government's gift of land and buildings to Columbia, it costs less to send a boy to Columbia than it does to other schools of like standard and the Basham Company's scholarships will reduce this still further.

In selecting boys for the Basham Co.'s scholarships, great care will be exercised, but for the right boys, it is an opportunity that rarely comes and one which cannot be duplicated.

Write us for further information, giving age, extent of schooling and other particulars.

DRAFTED MEN

Divide Into Five Forces—Only Fifth of First Quota Will Begin Training Early in September—Entire National Army Will Not Be Called Before Latter Part of October.

Washington, August 8—Only 29 per cent. of the men drafted for the national army in Kentucky and Indiana will be called for training at Camp Taylor early in September. The same percentage will apply at all of the cantonments.

The entire national army of 687,000 men will not be called to the colors before the latter part of October.

Official, though informal, announcement of this fact was made today by officers in the Provost Marshal General's office, who explained that insurmountable difficulties make it impossible to get the entire army into training before the close of October.

The men at Camp Taylor will be in training for approximately ten months, and it is not likely that they will be ready to board transports for Europe before September 1, 1918.

The machinery of drafting will be completed by the last of August and the Provost Marshal General will be ready at that time to meet any call by the Secretary of War for the full quota of men sought under the draft. As far as the work of this office is concerned, the men could be moved to the cantonments by September 1, the original date set for the beginning of training.

DEATH SENTENCE AS CAUSE FOR EXEMPTION

Murray, Ky., August 8—Lube Martin, negro, confined in the Paducah jail under sentence of death for the killing of Policeman Guthrie Duguid here last December, has filed a claim for exemption from military service, assigning the sentence as the cause. His number was one of the first drawn in the selective draft. His case is still pending in the Court of Appeals.

REGISTERED MEN WHO FAIL TO RESPOND WILL BE CLASSED AS DESERTERS

Washington, August 7—Registered men who resist the selective draft law face military court martial for desertion and the possibility of execution for desertion in the time of war.

The whole military and civil power of the federal government and the civil power of the states, cities and counties, will be employed to bring them to book.

This was announced in a formal statement by Brigadier General E. H. Crowder, provost marshal general, in response to reports from North Carolina and Oklahoma of anti-draft disturbances.

In practice under General Crowder's construction of the law, registered men who do not appear for examination will be posted to the district board as selected for military services soon as the five day period allowed them to put in an appearance after they have been summoned has elapsed. Two more days will elapse after their names reach the district board to await action by the individual. They will then be posted to the adjutant general of the state as selected to fill the quota of their district.

Orders for the mobilization of the selected men will be given some time during the present month. If the registrant fails to obey the order, he will be set down as absent without leave, and the machinery of the army will be set in motion to bring him in. In addition, all state and municipal authorities and United States marshals will be used to apprehend him. When it is clear that he is wilfully absconding with no intention of reporting to the army, a charge of desertion will be placed against him. From that time on, any civil officer who arrests him will earn a reward of \$50.

If found guilty by court martial of desertion, the individual may be sentenced to death and only the President can save him from punishment.

General Crowder also took action to reduce the number of applications for exemption which news reports indicated are being filed.

In a telegram to all governors he directed that local boards be instructed to furnish to newspapers hereafter from day to day, names of all registered men who apply for exemption, the grounds asserted to support their claim and the action taken by the board.

In cases of discharge for physical disqualifications, this does not apply.

FLEMING COUNTY PRIMARY

(Fleming Gazette)

The primary was altogether a Democratic affair Saturday, as the Republican candidates had no opposition and were not on the ballot. The day passed off without much excitement, though some of the races developed quite a contest. At the clerk's office in the afternoon some dozen or so colored Democrats voted and in an argument with one of them the sheriff of election struck him over the head with a cane, causing some stir for awhile.

THREE BREAK JAIL AT GEORGETOWN, KY.

Georgetown, Ky., August 7—Overpowering the jailer, Jack Lushy, when he opened the door of a cell in the jail here tonight, three prisoners attacked him and escaped.

Charles Douthitt, 20 years old, sentenced to be electrocuted August 17 for killing Vernon Simms at Payne's Depot January 2, was one of the men who escaped. The others were negroes.

The jailer put up a game fight, engaging the men until a creek was reached in the rear of the jail, but he was disarmed and beaten up badly. Bloodhounds were sent from Lexington, Ky., to help possess in the search for the three men.

EAST KENTUCKY MINERS GO ON STRIKE SATURDAY

Pineville, Ky., August 8—A meeting of the miners and operators, called by the United Mine Workers of America, District No. 19, to adjust a wage scale for coal mines in the district, was scheduled here today. The operators failed to attend with the exception of a very few small mine owners.

The result was the adoption of a resolution for a strike to begin at 4 o'clock Saturday, August 11, at all mines that have not signed up at that time.

There is a probability of a tie-up at many large mines in this section.

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Fred Dresel, tailor and justice of the peace, 1238 E. Second St., Maysville, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions burned in passage and often were retarded. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dresel gave the above statement on February 6, 1908, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills to date as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Mr. Dresel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the name that Mr. Dresel has twice publicly recommended—the remedy backed by home testimony. 60c all stores. PROF. BRADNER A BUSY MAN

The Ashland Independent says: Professor J. W. Bradner was busy last week conducting a teachers' institute at Vanceburg. The attendance was unusually large and much interest was manifested throughout the entire week. Lewis county is one of the best counties in the state and a large number of progressive teachers always respond nobly to the work of a good instructor. Mr. Bradner has conducted this institute before and hence is acquainted with practically every teacher in the county. His work is fine and is always appreciated wherever he goes.

Next week Mr. Bradner will be in Greenup county and the week following the Boyd County Fair, he will conduct the Boyd County Institute of Catlettsburg.

STANDARD OIL USES MARBLES

(Popular Mechanics)
Many millions of marbles are made annually in the United States. It is estimated that the boys of this country use no less than 200,000,000 each year. But there are other users of marbles besides youthful players. The Standard Oil Company is one of the largest buyers of marbles. Some of its purchases are used in oil cans and others in large sizes are rolled through graded pipe lines to clean out the paraffin that gathers on the inside of the pipes. The manufacturers of ink, chemicals and powder use marbles. Other buyers of these little spheres are dealers in railway supplies, puzzle-box makers and salt producers.

ARTILLERY DUEL

In Flanders is Growing Violent—Bombardment Especially Heavy From Bixchoote to Hollebeke, Germans Say.

Berlin, August 9—(Via London)—The artillery duel in Flanders has again increased to the greatest intensity, reports the German general staff. The bombardment has been especially heavy on the Belgian coast and from Bixchoote to Hollebeke.

The statement of the general staff says strong forces of Russians and Rumanians endeavored to recapture ground taken from them north of Fokshani, in Moldavia, but that all the attacks were repulsed with sanguinary losses and that the number of prisoners taken by the Teutonic allies has been increased to 4,300.

On none of the battle fronts of Europe has the fighting activity of the last twenty-four hours been marked. In Flanders, however, the great artillery battle continues most violently, seemingly preparing the way for further infantry activity.

The only infantry engagement in Flanders has taken place on the line between Pyres and Dixmude, with the French troops the aggressors in both instances. Northwest of Bixchoote, the French have enlarged further the gains made Wednesday.

Southwest of Bixchoote in the region south of Langemarche, the French have made some progress into the German line. Terrain conditions in Flanders, made more difficult by the rains of the last ten days, are such that without the destruction of enemy defenses by artillery fire, it is nearly useless to throw forward infantry attacks.

SUSPICIOUS FOREIGNERS ARRESTED AT ASHLAND

Ashland, Ky., August 9—Two strangers, said to be of foreign descent, were arrested at an early hour this morning and are being held pending an investigation of their acts since coming to Ashland. When their room was searched at a private residence, a sketch of the most important parts of a local industry is said to have been found. Until further investigation can be made details of the alleged plot will not be made public.

One of the men is in the Catlettsburg jail and one in prison here in Ashland. Attorneys John T. Diederich and Prichard and Putnam have the case in hand.

Mr. Theodore Cullen, who went to Newport several days ago to join the Kentucky National Guards, has returned home, having been rejected.

ADMISSION 5 AND 10 CENTS

A Difference and a Distinction.

The difference between the service you receive in the Music Department at my store and any other store, shows a distinction between the exclusive quality of my goods from any other you have seen.

PIANOS, ORGANS, PLAYER PIANOS, Victor Victrolas, Victor Records and Music Rolls

the largest assortment in the city. Victrolas from \$15 to \$250. The August Victor Records go on sale today. Victor Record No. 18,289, "Just Dreaming of You," 75c. Victor Record No. 18,319, "A Tear, A Kiss, A Smile" and "That's Why My Heart is Calling for You," 75c, are only 2 of the exceptionally good records for this month.

Come and hear them played. My Piano and Player Piano assortment comprises only the best makes, priced from \$200 to \$350. Player Pianos \$400 to \$600. I have on hand a few

Used Upright Pianos

taken in exchange for new Players, all in perfect condition, a bargain

From \$30 to \$185.
